

WHY BUY FROM PPT VISION?

IMPROVING PRODUCTIVITY AND QUALITY WITH INDUSTRY LEADING MACHINE VISION SOFTWARE AND SMART CAMERA SYSTEMS

| | | |
|---|------------------------------|---|
|  | Experience | <p>PPT VISION, Inc. is a Machine Vision Pioneer that you can trust. Incorporated in 1982, we are an experienced and proven Company.</p> |
|  | Smart Cameras | <p>Twenty one Smart Camera models are available today - with more coming. We have a flexible product line that meets the price, performance, and camera size your applications demand. And, to boost your productivity, all models run the same IMPACT Software Suite.</p> |
|  | Inspection Tools | <p>Solve your most demanding inspections quickly! IMPACT Vision Program Manager (VPM) has more than 120 ready-to-use, industry-leading and solution-proven inspection tools. Advanced capabilities - Image Filtering, Feature Location, high-precision Measurements, Optical Character Recognition (OCR), BASIC and other Logic tools - make solving your complex applications fast and easy.</p> |
|  | Development Ease | <p>No other Smart Camera Interface comes close! The IMPACT Software Suite is the Machine Vision Industry's most flexible and easy-to-use Smart Camera Interface available today. With its icon-based, drag-and-drop programming PPT's IMPACT provides fast and easy programming. In addition the task-based and event driven programming architecture provides unequalled and flexible programming power.</p> |
|  | Operator Interface | <p>Let your Operators work in a familiar and intuitive environment. With IMPACT Control Panel Manager (CPM), you can build custom, application-specific Operator Interfaces in minutes.</p> |
|  | ActiveX Control | <p>Extend IMPACT's capabilities with the integrated ActiveX Control. Create your own Smart Camera interface within this Microsoft® development environment.</p> |
|  | Industrial Networking | <p>In addition to providing discrete Inputs and Outputs, all IMPACT Smart Cameras provide advanced communication protocols such as:</p> <ul style="list-style-type: none"> • EtherNet/IP • Modbus • OPC • TCP/IP • Serial |
