## Automation Control Systems

Programmable Controls  
Operator Interfaces / HMI  
Distributed I/O  
Software

## Drives and Motion Control

AC Drives / VFD  
Servos and Motion Control

## Temperature / Process Controls

Single Loop and Multi-Loop  
Contactors and Solid State Relays

## Sensors and Vision

Proximity Sensors  
Photoelectric Sensors  
Fiber-Optic Sensors  
Measurement Sensors  
Ultrasonic & Pressure Sensors  
Vision Sensors

## Barcode and RFID

Readers and Verifiers  
Read / Write Heads, Tags, Controllers

## Industrial Components

Relays / SSR  
Pushbuttons, Selectors & Indicators  
Limit Switches  
Timers / Counters  
Power Supplies

## Engineering and Repair Services

Any Manufacturers Hardware

## Perimeter Access Guarding

Safety Light Curtains  
Single Beam Devices  
Multi-Beam Devices  
Physical Barriers  
Trapped Key Interlock Switches

## Area Guarding

Safety Laser Scanner  
Pressure Mats  
Contact Strips and Bumpers  
Rope Pull Switches

## Safety Control

Network Controllers  
Force-Guided Relays  
Monitoring Relays  
Two Hand Control  
Enabling Switch

## Interlock Switches

Guardlocking Switches  
Hinge Pin Switches  
Non-contact Switches  
Tongue Switches  
Limit Switches  
Pneumatic and explosion-proof versions

## Engineering and Services

Education / Skill Builder Seminars

Assessments and Risk Identification

Engineering and Design

Integration and Implementation

# Global Solutions with Local Support

Operator Interfaces

Industrial Computers

Panel PCs

Flat Panel Monitors

Fieldbus I/O

Programmable  
Fieldbus couplers

A/C Drives

Contactors and Starters

Barcode Readers and  
Verifiers

Specialty Sensors

Three Phase Power Sup-  
plies

Pneumatic and Electric  
Actuators and Cylinders

Valves, Fittings, FRL's
